Thank you so much for visiting my page! Help Us Create a More Personalized Learning Experience - Donate to Support Smaller Class Sizes! This RACE FOR EDUCATION fundraiser will directly benefit me, along with all of my classmates. Each donation that I receive will be used to help support smaller class sizes at Vassiliadis. My ultimate goal is to raise \$250 so that I can participate in ALL the following incentives:

- If I raise \$50, I will get to Run through the Halls with the principal and assistant principals
- If I raise \$125, I will get to Run through the Halls & "Paint the Cubs" (an event where students get to paint our administrators and teachers head to toe).
- If I raise \$250, I will get to Run through the Halls, "Paint the Cubs" & attend the Cotton Candy Dance Party Luncheon.

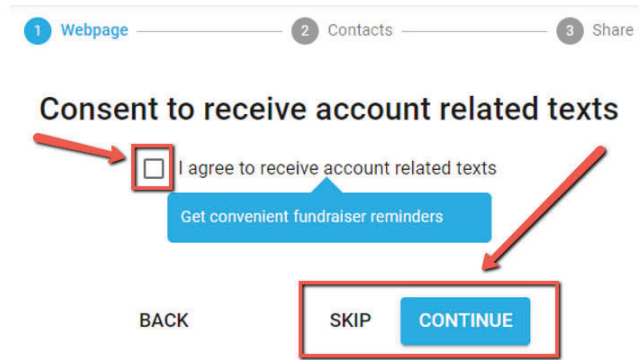

The Race for Education is a super fun event, where we participate in an obstacle course race with all of my friends and our school's families, but the main purpose is to raise money for lower class sizes at my school.

This will appear on your page. You can write your own message here or just edit it and add your personal touch.
